NYETIMBER WORLD-RENOWNED ENGLISH SPARKLING WINE

For over 35 years, Nyetimber has had a single aim: to make the finest English Sparkling Wine, one to rival the very best in the world. A true pioneer, Nyetimber was the first producer in England to grow the three celebrated grape varieties: Chardonnay, Pinot Noir and Pinot Meunier, exclusively for sparkling wine.

Our vineyards share many of the characteristics found in the world's finest sparkling wine regions. Greensand and chalk soils allow our vines to flourish across the South of England, where the mild climate supports the slow ripening of our grapes, achieving optimum levels of sweetness and acidity.

By using only estate-grown grapes from our own vineyards, we ensure that only the finest fruit is selected for our Nyetimber wines. Crafted with meticulous attention to detail following the traditional method, our wines are aged for extended periods to build depth, complexity and elegance.

Under the leadership of Eric Heerema and the vision of award-winning Head Winemaker Cherie Spriggs and Senior Winemaker Brad Greatrix, Nyetimber has earned global acclaim and is served in 23 countries and throughout some of the world's most prestigious venues.

THE NYETIMBER BOOK

The Nyetimber book is a beautiful way to thank a valued client, celebrate a partnership or mark an important milestone. For anyone who enjoys Nyetimber or is curious about the story of English Sparkling Wine, it offers a behind-the-scenes look at where it all started.

From Nyetimber's first mention in the Domesday Book in 1086 to the planting of our first vines and the extraordinary journey that followed, this book is filled with vivid storytelling and beautiful imagery. It explores our wines, winemaking methods and the people who bring Nyetimber to life.

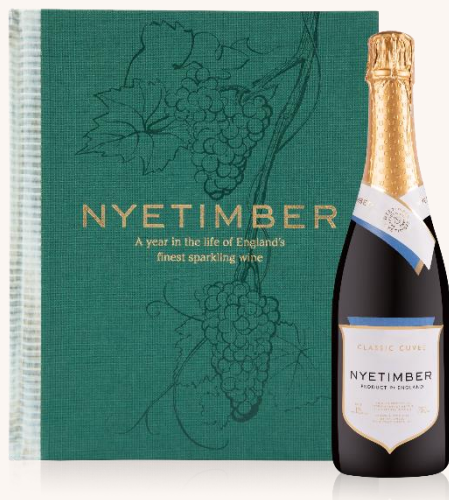

THE NYETIMBER BOOK & BOTTLE GIFT SET

Pair the Nyetimber book with Classic Cuvee Multi-Vintage, Rosé Multi-Vintage, Blanc de Blancs, Tillington Single Vineyard, or Cuvee Chérie Multi-Vintage to bring our story to life alongside the English Sparkling Wine itself.

Presented together, it's a thoughtful way to thank a valued client, celebrate a partnership or mark an important milestone.

While the book takes the reader from Nyetimber's first mention in the Domesday Book in 1086 through to the present day, the bottle offers the perfect opportunity to taste that story for themselves.

THE NYETIMBER APPROACH TO SUSTAINABILITY

From the beginning, we recognised that the South of England offered the ideal conditions for exceptional wine: chalk and greensand soils, a mild climate, and the perfect setting for quality fruit.

Owning 100% of our vineyard land allows us to make site-specific decisions each year, protecting quality, adapting to seasonal shifts and expressing the unique character of every parcel. Our approach is guided by respect for the environment. We follow organic and minimal-intervention practices wherever possible, while choosing natural methods first and treating only when necessary.

While organic certification has its place, we believe a flexible, responsive approach is key to long-term sustainability. We prioritise vine health and fruit quality, adapting vintage by vintage. Technology like drones and weather modelling supports precision, while organic matter is returned to the soil and energy is recycled throughout the winemaking process.

We also manage extensive non-vineyard land, including woodlands, meadows, ponds and hedgerows, to encourage biodiversity and protect species on national conservation watchlists.

As a founding member of Sustainable Wines of Great Britain, and participants in LEAF, the Sustainable Farming Incentive, and Red Tractor Certification, we are proud to be part of shaping a more sustainable future for wine. From rewilding and lighter bottles to energy reuse, sustainability at Nyetimber is detailed, active and far-reaching.

MEET OUR WINEMAKERS

CHERIE SPRIGGS & BRAD GREATRIX

Cherie and Brad were both born and raised in Canada: Cherie on Vancouver Island and Brad in Ontario and first met while studying biochemistry at Queen's University. After furthering their wine education at the University of British Columbia and gaining hands-on experience across the world's top winemaking regions, the couple joined Nyetimber in 2007.

United by a shared belief in England's potential to produce sparkling wines of global standing, they brought with them not only technical expertise, but also the drive, precision and vision needed to take Nyetimber to new heights. Today, their partnership continues to define our wines and has helped establish Nyetimber amongst the most respected sparkling wine producers.

In 2025, Cherie was named Sparkling Winemaker of the Year at the International Wine Challenge for the second time, an accolade she first received in 2018. Her 2018 win was historic: the first ever awarded to a winemaker outside Champagne, and she remains the only woman to have received this honour. To repeat this remarkable achievement seven years later underlines her commitment to excellence and reinforces Nyetimber's place at the forefront of the world's finest sparkling wines.
